

Show your Shorthorn pride – tag them purple!

Canadian Shorthorn CCIA Approved
Back Button RFID Indicators (Tags) Are
Now Available For Purchase!

A Canadian Shorthorn CCIA approved back button will provide Shorthorn influenced cattle with identification in the sale ring, at feedlots, and throughout the beef value chain. The identification that this back button provides will also help identify the quality of cattle that our breeders and CSA members take great pride in.

The CSA's RFID indicators (tags) are available to order through your account on the CCIA website or by phone.
